ASAM is thankful to its 2019-2020 board members who will steer the organization towards a sustainable future by continuing to adopt sound, ethical, legal governance and financial management. The new board members will also be leading the organization in its efforts to advance ASAM's mission of: being the collective voice of subcontracting in both the public and private sectors; working together to solve problems and leveraging the organization's influence to bring positive change to the construction industry; empowering members with information about current developments, issues, education, safety and best practices; and offering networking opportunities with peers to learn from their experiences and perspectives.
